## BAR TO HONOR NEGRO SERVITOR

White Lawyers Called to Pay Last Respect to Edward Brown.

A meeting of the bar of Richmond has been called for Thursday afternoon at 4 o'clock by Secretary Maurice A. Powers, of the City Bar Association, for the purpose of taking suitable action upon the death of Edward Brown, which occurred Tuesday night. Brown, for more than four decades was the janitor and assistant in the State Law Library, and during that time had made himself of incalculable aid to two generations of lawyers. He knew the books in the library perfectly, and no request for a volume, regardless of its title or the infrequency of its use, but would be supplied by the faithful custodian. No colored man, certainly in recent years, counted more staunch friends among white people. It is, to say the least, unique for a bar association, composed only of white men, to be called in special session to pass resolutions upon the death of a colored man, but the members of the local bar feel that, in view of the courteous and respectful service rendered by Brown during his lifetime, and in further view of his usefulness and knowledge, it would be unappreciative not to show in some manner their regard before the funeral. Brown's funeral will take place tomorrow afternoon at 1 o'clock from the New Baptist Church, and it will be largely attended by the men for whom he made a trip to the library less irksome.

## COLORED FAIR OPENS MONDAY

Governor Mann to Make Inaugural Address.

### HAVE WHITE FOLKS' DAY

Exhibits Designed to Show Progress of Negro Race.

With exhibits to be brought from every county in the State, and with a large attendance expected from every quarter, the Colored State Fair will be inaugurated next Monday morning on the Virginia State Fair Association's grounds.

In the office of Giles B. Jackson, the director-general of the colored fair, work is under way every day for the success of the first fair ever given by the colored people in Virginia. Letters from workers in every county and from every colored school, college and organization guarantee that they will be well represented. It is the first venture of the colored people in this State, and some visible, tangible evidence of the progress of the race will be shown in the displays.

Through the day is conducted solely by and for the colored race, the white friends will be welcome, and Thursday will be set apart as the White Folks' Day, when they will be heartily welcomed. Governor Mann will formally open the fair by an address at 10 o'clock Monday morning, the hour having been arranged because he has also an engagement to speak in Chesapeake.

With the finishing of the Governor's address, the fair will be in full swing, and the organizers, who have worked faithfully for nearly a year, promise that there will be nothing lacking; that there will be something well worth seeing, something of which the race may well be proud.

Monday Richmond Day, and all white employers have been requested to give holiday on that date to their colored employees, so that they may visit the fair, and admire many of the things employers have signified their willingness to dismiss their servants for that day.

The Virginia Railway and Power Company has promised service of a sufficient number of cars to the Fair grounds, and also to light up the grounds on Tuesday night.

During the afternoon there will be horse and bicycle races and football games to tempt those who now are in the city.

The exhibits will be shown in the main building, many of the owners of the booths having granted to the fair a free permission to use them during the week. The exhibits will be along the lines of agriculture, domestic science, and the like.

At night there will be fireworks displayed and ascensions by balloons. On Tuesday morning, the program will be varied every day. The exhibits will be shown in the main building, many of the owners of the booths having granted to the fair a free permission to use them during the week.

There will be a special program for white people on Tuesday night, but the white people need not confine themselves to that particular day. They will be welcome every day.

## EBY FACES CHARGE OF FRAUD

Former Mayor of Burkeville Arrested as He Leaves Federal Prison.

### WANTED ON POSTAL WARRANT

Used Mails in Effort to Extort Money From Railway Presidents.

Charged with having planned to blow up the Norfolk and Western Railroad at unprotected points unless he was paid \$45,000, Abram C. Eby, alias Adam Smith, formerly Mayor of Burkeville, was rearrested yesterday as he was leaving the Federal Prison in Atlanta, where he had just finished a term of one year.

Eby was given a hearing before Judge Newman, of the United States District Court, in Atlanta, who issued an order for the prisoner's removal to Richmond to answer trial for his alleged declaration against President Johnson, of the Norfolk and Western, and President McCrea, of the Pennsylvania lines.

The threats made by Eby were contained in letters addressed to President Johnson, copies of which were included in the indictment found against him last April. While the indictment does not state that Eby expressed no particular grievance in the letters, he sets forth clearly how he will go about the destruction of the property by dynamite, and concludes by saying that every anarchist in the country with nerve will follow his lead.

Eby was sent to the Atlanta prison from Philadelphia, where he was confined in the sample of the drug, and he was held here on the charge of using the United States mails for purposes of fraud.

Friends of Eby in Burkeville have taken steps in his defense. A. J. Talley will conduct the prosecution.

It is practically certain that the testimony of witnesses will play a great part in the second trial of Eby. With the assistance of expert witnesses, he will endeavor to prove that he was transformed from a man of the highest integrity to a physical and moral monster by the use of some strange Oriental drug. A sample of the drug, it is said, will be on exhibition in the courtroom. It is not now certain when Eby will reach this city, but he will be given a preliminary hearing as soon as he arrives here.

The arrest of Eby is well remembered here as one of the cleverest pieces of detective work done in this part of the country in recent years. It was the result of a long and patient investigation by William M. Calver, then stationed in this city, who was in possession of the threatening letters written to the presidents of the Pennsylvania and the Norfolk and Eastern railroads. An advertisement was placed in the Times-Dispatch asking for communications with the writer of the letters, whose name, as signed to the letters, the inspectors were sure was fictitious, and Eby walked into the trap.

Inspector Calver arrested him and made the case against him when he was brought to trial in Philadelphia. Eby's counsel feel certain that they will be able to prove insanity due to drugs when he is brought to trial in this city.
